

WEEE Statement

In accordance with: The Waste Electrical and Electronic Equipment regulations 2013

Electrical and electronic equipment should never be disposed of with general household waste but must be separately collected for proper treatment and recovery.

The crossed-out wheellie bin symbol, placed on EMS Limited products, reminds you of the need to dispose of the product correctly at the end of its life.

In this way you will assist in the recovery and recycling of many of the materials used in this product.

Where possible recycle your packaging.

At the end of the life of EMS Limited products, please contact:

Weecare Plc.

Tel: **0844 800 2004**

Please quote account number: **135280**

With your help it is possible to reduce the amount of electrical and electronic waste ending up in landfill and to improve quality of life by preventing the release of potentially hazardous substances into the environment.

Weecare will confirm with you that the product is obligated to EMS Ltd and arrange collection with you.

For battery recycling please visit www.batteryback.org and click on the collection point finder. Enter your postcode and your local collection point will be shown.
